

Product Listing Form

Contact details of responsible person for queries/ clarifications regarding Product Listing

Company Name: _____

Address: _____

Name of Official: _____ Email: _____

Tel: _____ Fax: _____

(ISD Code) +(STD Code)

Please tick mark the products you desire to be listed against your name in the Product Listing Section

A. Cables & Accessories

1. Communication Cables
2. Control Cables
3. HT Power Cables
4. Instrumentation Cables
5. LT Power Cables
6. Special Purpose Cables
7. Cable Accessories
8. Others (Pl. Specify)

B. Capacitors

1. DC Electrolytic
2. Energy Storage
3. Harmonic Filter
4. Medium Frequency
5. Motor Starting Electrolytic
6. Shunt and Series Power HV/ LV
7. Other Types (Pl. Specify)

C. Conductors & Accessories

1. Aluminium Bars, Rods
(including Al Busbars, AAC, ACSR, AAAC, AACSR conductors, Al Foil for Power Capacitors)
2. Copper Bars, Rods, Strips
Plates, Sheets, etc.
3. Accessories
4. Others (Pl. Specify)

D. Consumer Products

1. Dryers including Fans, Grinders, Mixers, Juicers, Refrigerators, Vacuum Cleaners, Washing Machines, etc.

E. Design & Consultancy

1. Complete Electrification of AirPorts, Shipyards, Harbours, commercial/ industrial establishments, etc.
2. Railway electrification
3. Industrial Automation
4. Power generation project

5. Switching Stations and Switch-yards

6. Transmission Line and Towers
Erection

F. Electrical/ Electronics Components and Accessories

1. Adaptors
2. Enclosures
3. Filters
4. Grounding System and Related
Accessories
5. Junction Boxes
6. Light Emitting Diodes (LEDs)
7. Metal Oxide Varistors
8. Printed Circuit Boards (PCBs)
9. Resistors, Resistance Boxes,
Rheostats
10. Silicon Diodes
11. Thermistors
12. Thermocouples
13. Thermostatic Bimetal Strips
14. Thyristors / SCRs
15. Other (Pl. specify)

G. Energy Meters

1. Single Phase Electromagnetic
2. Single Phase Solid State
3. Three Phase Electromagnetic
4. Three Phase Solid State
5. VAR Meters - Analog and Digital

H. Engineering Projects

1. Complete Electrification of AirPorts, Shipyards, Harbours, commercial/ industrial establishments, etc.
2. Railway Electrification
3. Industrial Automation
4. Power Generation Projects
5. Switching Stations and Switch-yards
6. Transmission Line and Towers
Erection

I. Generators

1. AC Generators (Alternators)
2. DC Generators
3. Diesel Generator Sets
4. Turbine Generator Sets

J. Industrial Control and Automation Systems

1. Amplifiers
2. Analysers
3. Controllers
4. Counters
5. DCS / SCADA Acquisition
6. Encoders
7. Programmable Logic
Controllers
8. Timers
9. Transducers
10. Transmitters
11. Other (Pl. specify)

K. Instrument Transformers

1. Capacitor Voltage Trans-formers
2. Current Transformers
3. Voltage Transformers

L. Instruments - Sensing, Measuring, Indicating, Testing etc.

1. Calibrators
2. Function Generators
3. Impulse Generators
4. Indicating Instruments, including Alarm Annunciators, Alpha Numeric Mimic Displays, Event Recorders and Loggers, Fire Alarm Equipment, Phase Sequence Indicators
5. Measuring Instruments including Ammeters Analog

Product Listing Form

and Digital, Capacitance Meters, Frequency Meters, Multimeters, Ohmmeters, Power Factor Meters, Techometers, Voltmeters-Analog and Digital Switches/ Detectors, Timer Switches

6. Scanners
7. Sensing Equipment, including Limit Switches, Micro Switches, Photoelectric Detectors, Position Detectors, Proximity Alarm Equipment, Phase Sequence Indicators
8. Testing Equipment including Battery Test Equipment, Dielectric Test Equipment, High Voltage Testing Equipment, Line Fault Locators, Oil Testing Equipment, Oscilloscopes, Synchrosopes, Test Benches
9. Other (Pl. specify)

M. Insulating Materials

1. Films and Composites
2. Glass Fibre and Articles
3. Insulating Oils
4. Insulating Varnishes and Enamels
5. Jellies / Compounds for Cables
6. Mica and Mica Products
7. Paper, Paper Board and Articles
8. Resins
9. Other (Pl. specify)

N. Insulators

1. Cast Resin Insulators
2. Condenser Bushings
3. Disc Insulators
4. Hollow Insulators
5. Insulators for Distribution Transformers
6. Long Rod Insulators
7. Polymer Insulators
8. Porcelain Bushings
9. Post Insulators
10. Solid Core Insulators
11. Other (Pl. specify)

O. Lifts and Escalators

1. Elevators and Conveyors
2. Escalators and Moving Walkways
3. Hydraulic Lifts

4. Lifts and Hoists

P. Lighting and Lighting Accessories

1. Emergency Lighting
2. Lamps including CFLs, FTLs, GSL, Halogen, HPMV, HPSV, Metal Halide, etc.
3. Luminaire
4. Accessories

Q. Medical Equipment

(Pl. specify)

R. Motors

1. AC Motors
2. DC Motors
3. Linear Motors
4. Micro Motors
5. Servomotors
6. Stepper Motors
7. Universal Motors
8. Parts for Motors
9. Other (Pl. specify)

S. Power Electronics

1. AC Drives
2. Battery and Battery Charges
3. Converters and Inverters
4. DC Drives
5. Medium / High Frequency Furnace Inverters
6. Rectifiers
7. Uninterrupted Power Supply (UPS)
8. Voltage Regulators
9. Other (Pl. specify)

T. Software Services

1. CNC Machine Controls
2. Manufacturing Systems
3. Process Controls
4. Information Technology

U. Stampings and Laminations

1. Electrical Steel Lamination for Transformers
2. Electrical Steel Stamping for Fans
3. Electrical Steel Stamping for Meters.
4. Electrical Steel Stamping for Motors / Alternators
5. Other (Pl. Specify)

V. Switchgear and Control-gear

1. Auxiliary Contactors
2. Control Panels / Desks
3. Control Relays
4. Distribution Boards
5. HT Circuit Breakers
6. HT Fuses
7. Isolators/Load Disconnectors
8. Lightning Arrestors
9. LT Circuit Breakers
10. LT Fuses
11. LT Switches
12. Motor Control Centers
13. Motor Starters
14. Plugs and Sockets
15. Power Contactors
16. Power Control Centers
17. Power Switches
18. Protection Relays
19. Push Buttons and Push Button Stations
20. Relay Protection Panels
21. Switch-Fuse Units
22. Switchboards

W. Transformers

1. Auto Transformers
2. Distribution Transformers
3. Power Transformers
4. Reactors
5. Special Type Transformers
6. Other Related Products
7. Other (Pl. specify)

X. Transmission Line Towers and Accessories

1. Transmission Line Towers
2. Towers for Communication
3. Transmission Line Erection and Maintenance Tools
4. Structures and Parts of Iron and Steel
5. Transmission Line Hardware and Accessories

Y. Winding Wires

- ### **Z. Other Products**
- (Pl. Specify)
